my dog, to donate blood to the Blue Ridge Veterinary Blood Bank.

BENEFITS: I understand that my dog's initial visit will consist of an evaluation and blood typing. Blood testing is to ensure that my dog is in excellent health and will be performed at the first donation.

I understand that after fulfilling his/her obligations to the BRVBB my dog will be eligible to receive one unit of red blood cells or plasma at a discounted rate should medical or surgical circumstances arise which warrant its use (elective procedures excluded). I understand that this eligibility is non-transferable to other dogs. I also understand that the discounted rate will be at BRVBB's discretion.

TRAVEL OBLIGATIONS: I understand that it is one of my benefits to have the BRVBB staff travel to my area to complete my dogs' donor obligations. I understand that the corresponding obligation is to make **every attempt** within reason to make my dog available on the days that the BRVBB staff is scheduled into my area. I must notify the BRVBB donor staff of any absence or illness.
